Wednesday 23rd June 2021

Dear Parents,

Whole School letter for information only - of a Year 4 Positive Cases

We have been advised that there has been a **confirmed case of COVID-19 in Year 4 at Chesterfield Primary School.**

Through tracking carefully who the member of staff had contact with when they have been at school, we have been able to identify the adults and children who need to isolate and they have already been informed today. We have followed the national guidance and these pupils and staff members will be isolating until Tuesday 6th July 2021 and return to school on Wednesday 7th July 2021.

We are continuing to monitor the situation and we will work closely with Public Health England. This letter is to inform you of the current situation and provide advice on how to support your child. Please be reassured that for most people, coronavirus (COVID-19) will be a mild illness.

Chesterfield Primary School **remains open for the pupils not needing to isolate this week** and providing your child remains well they can continue to attend school as normal. We will keep this under review.

Home learning is provided each day for pupils who are not attending school.

What to do if your child develops symptoms of COVID 19

If your child develops symptoms of COVID-19, they should remain at home for at least 10 days from the date when their symptoms appeared. We would encourage you to get a test if symptoms appear. All other household members who remain well must stay at home and not leave the house for 10 days. The 10-day period starts from the day when the first person in the house became ill. Household members should not go to work, school or public areas and exercise should be taken within the home. Household members staying at home for 10 days will greatly reduce the overall amount of infection the household could pass on to others in the community. If you are able, move any vulnerable individuals (such as the elderly and those with underlying health conditions) out of your home, to stay with friends or family for the duration of the home isolation period.

Symptoms

The most common symptoms of coronavirus (COVID-19) are recent onset of:

- new continuous cough and/or
- high temperature
- a loss of, or change in, normal sense of taste or smell (anosmia)

For most people, coronavirus (COVID-19) will be a mild illness.

Chesterfield Primary School is part of the Enfield Learning Trust.

The Enfield Learning Trust is a charitable company limited by guarantee and registered in England and Wales.

Registered Office: Hazelbury Primary School, Hazelbury Road, Edmonton, London, N9 9TT.

Company Number: 10309116

If your child or anyone in the household does develop symptoms, you can seek advice from NHS 111 at:

<https://www.nhs.uk/conditions/coronavirus-covid-19/symptoms/> or by phoning 111.

How to stop COVID-19 spreading

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19.

Hands

- Wash your hands regularly and for at least 20 seconds.

Face

- Cover your face in enclosed spaces, especially where social distancing may be difficult and where you will come into contact with people you do not normally meet.
- It is now compulsory to wear cloth face coverings on public transport, shops and several other indoor settings.

Space

- Stay 2 metres apart where possible, or 1 metre with extra precautions in place.
- Keep your distance from people who are outside your household or support bubble.

Further information is available at: <https://www.gov.uk/coronavirus/education-and-childcare>

Yours sincerely,

Zoe, Kelly and the Chesterfield Team.
