Phonics Virtual Classroom

Dear Parents and Carers,

We are delighted to announce that we now have access to the Read Write Inc. Virtual Classroom. This is a fantastic digital resource designed to help your child master their phonics skills through engaging, expert-led lessons from home.

To support your child's reading journey, we will be allocating 10 specific video lessons tailored to their current learning level.

How do I use the Virtual Classroom?

To get the most out of these sessions, we recommend following these three simple steps:

1. **Daily Practice:** Set aside just 10 minutes each day to watch one film with your child. Consistency is key to building their confidence.
2. **The Right Environment:** Find a quiet space where your child can focus on the film using a laptop or tablet.
3. **Positive Encouragement:** Praise your child as they join in with the sounds and words. The more fun and interactive you make it, the more they will learn!

We will provide printed sheets containing QR codes and web links. You can simply scan the QR code with a smartphone or tablet camera to launch the video. In 2 weeks, all video links will be sent directly to you via email. Please ensure that the school office has your most up-to-date email address. If you would still prefer a printed sheet, please speak to your child's class teacher.

Thank you for your continued support in helping your child become a confident, fluent reader.
