

Plan of the Day

ARP KS1

<u>Activity</u>	<u>Summary</u>
<u>Morning Activity</u>	Each morning your child will be greeted by the same familiar adults and will be reminded about the bubble/group rules (e.g. hand washing). There will also be a morning activity available for the children to start their day with.
<u>Phonics/Reading</u>	Children will revise/learn new sounds and read a phonics book at their level.
<u>English</u>	Their daily English lesson will provide your child with the opportunity to practise speaking and listening, vocabulary and writing skills. For the first two weeks of English, the focus will be PSHE and wellbeing.
Break	
<u>Maths</u>	Children will engage in many maths activities when they return in September. The focus will be assessing your child and identifying their gaps in learning as a result of the school closure. Teachers will then incorporate these gaps in learning in future lessons.
Lunch	
<u>Handwriting</u>	Your child will be able to develop their cursive handwriting during this time.
<u>Learning Quest</u>	Throughout the week your child will have a variety of lessons at this time of the day depending on which day it is. Science, Geography, History, PSHE, P.E., Art & D&T will be taught based on the national curriculum objectives.
<u>Circle Time</u>	Your child will have the opportunity to be involved in a circle time session where they can share their feelings and concerns. The class teacher will plan these sessions based on any specific areas that arise within their class.
<u>Phonics/Reading</u>	Children will revise/learn new sounds and read a phonics book at their level. It is important that children learn and revise sounds frequently in order to close any gaps in learning and improve their reading skills.
<u>Story time</u>	At the end of the day, during story time, an adult in class will read to your child. It's important that children are exposed to reading as often as possible and so this will be a focus throughout every day.
